

Welcome to Hawker House where flavours are inspired by vibrancy of Asian street food & hawker markets.
 Hawker House is an expression of love in food form for a region and people we've come to greatly admire & respect.
 All vege is hand-picked & harvested by Matt. Riki & his team are serving you what we are currently into.
 Graze with us - use your hands - cause they're the best form of chop sticks -
 kick back, get messy and tell us a yarn!
